“Thanks so much for the excellent editing. You caught dozens of errors we thought we had taken care of in all our rewrites. Your style guide is truly impressive. Book 3 of our trilogy is still in the first draft stage but you can be sure that we’ll ask you to edit it as soon as it’s ready.”

Independent fantasy fiction authors

“I hired Rachael to proofread my debut alternate history work, *The Cyclone's Eye*. Her attention to detail was just what my manuscript needed. Judging by some of her insightful comments and observations, I can tell she would also make an excellent developmental editor and copyeditor. I definitely recommend her, especially but not exclusively to writers of historical fiction.”

T. J. Farlow, author of historical fiction/fantasy

“Rachael proofread my rulebooks for *Mission Command: Normandy*, a fairly large World War 2 historical miniatures wargame. For the final rules, this involved a Reference Manual of over 120 pages, and an 80 page How to Play guide, including extensive sections of historical background. Rachael’s professional approach, communications skills, and fast turnaround ensured that we picked up on inconsistencies in style, grammar, spellings, and layout. It is always a pleasure to work with Rachael, and she is a vital part of our game publishing process.”
